

K-Suite – Terms of use

1. Preamble

The use of software (“the Software”) and hardware Products (“the Products”) provided by Alientech srl is based, in addition to the Software License, also on the Terms of Use (“Terms of Use”) stated below. Consent to these Terms of Use is required to install or use the Products. It is therefore necessary to carefully read the applicable terms and accept them before using the Products.

BY INSTALLING THE K-SUITE SOFTWARE (HEREINAFTER "SOFTWARE") AND USING THE KESSV2 AND / OR K-TAG HARDWARE PRODUCTS (HEREAFTER "PRODUCTS") MANAGED BY THE SOFTWARE, YOU AGREE TO BE BOUND BY THESE TERMS OF USE. IF YOU DO NOT AGREE WITH ANY OF THE TERMS AND CONDITIONS IN THIS DOCUMENT, DO NOT USE THE SOFTWARE AND REMOVE IT FROM YOUR COMPUTER.

ATTENTION: The Software and the Products require constant data transmission to and from Alientech srl servers, therefore the Products only works if your computer is connected to the Internet.

2. What is subject to these Terms of Use

Alientech srl provides a kit consisting of the Software (K-Suite) and hardware Products (KESSv2 and / or K-TAG) intended only for the tuning of vehicles for limited competition purposes or for uses in racing circuits and off-road environments.

3. User Responsibilities

Purchaser agrees (1) to be responsible for use of the purchased Products, as well as their accessories, and (2) that the Products is suitable for use only in limited operating environments.

By accepting what is stated in this agreement, you agree that any operation made with the Products provided by Alientech srl is carried out solely for competitions purposes or for uses in racing circuits not open to the public.

THE KIT ALLOWS ACCESS TO THE MANAGEMENT PARAMETERS OF ENGINE AND/OR AUTOMATIC TRANSMISSION: MODIFYING MANAGEMENT PARAMETERS MAY RENDER THE VEHICLE OUT OF COMPLIANCE WITH THE REQUIREMENTS AND STANDARDS OF THE COUNTRY WHERE THE VEHICLE IS USED WITH RESPECT TO POWER, SPEED, AND EMISSIONS. IT MAY ALSO LEAD TO A DIFFERENT OR GREATER WEAR AND TEAR OF MECHANICAL, ELECTRICAL, AND ELECTRONIC COMPONENTS OF THE VEHICLE AND COULD VOID THE WARRANTY PROVIDED BY THE MANUFACTURER/SELLER OF THE VEHICLE.

ALIENTECH SRL ASSUMES NO RESPONSIBILITY FOR YOUR USE OR MISUSE OF THE SOFTWARE OR THE PRODUCT FOR ANY PARTICULAR PURPOSE AND TO THE MAXIMUM EXTENT PERMITTED BY APPLICABLE LAW. THE SOFTWARE AND THE PRODUCT ARE PROVIDED “AS IS” WITHOUT WARRANTY OF ANY KIND, EITHER EXPRESS OR IMPLIED, INCLUDING BUT NOT LIMITED TO THE IMPLIED WARRANTY OF QUALITY, MERCHANTABILITY, NON-INFRINGEMENT OR FITNESS FOR A PARTICULAR PURPOSE. YOU AGREE THAT YOU ARE SOLELY RESPONSIBLE FOR THE RESULTS

OBTAINED FROM THE SOFTWARE AND THE PRODUCT. WITHOUT LIMITING THE FORGOING DISCLAIMER, THE SOFTWARE AND THE PRODUCT ARE NOT SPECIFICALLY DESIGNED, MANUFACTURED, OR INTENDED FOR USE IN ENVIRONMENTS REQUIRING ADHERENCE TO SPECIFIC LAWS OR REGULATIONS PERTAINING TO THE OPERATION OF MOTOR CRAFT.

Alientech srl, its subsidiaries and affiliates make no warranties of any kind about any extra wear or deterioration of the engine or other electrical, electronic, or mechanical parts of the vehicle or as to the compliance with standards and regulations required by the country where the vehicle is used.

Software, Products and their accessories shall be used only after a thorough reading of the User's Guide available dedicated area of the Alientech Dashboard and the Operating Manuals available in the Software, and only in compliance with guidelines and suggestions.

THE PRODUCTS MAY ENABLE MODIFYING THE FUNCTIONING OF THE VEHICLE; THEREFORE, THE VEHICLE MAY HAVE DIFFERENT REACTIONS WHEN COMPARED TO STANDARD CONDITIONS SPECIFIED BY THE MANUFACTURER. THE GREATEST ATTENTION MUST BE PAID WHEN DRIVING A VEHICLE WHICH HAS ITS ENGINE PARAMETERS MODIFIED. YOU AGREE TO OPERATE VEHICLES TUNED USING THE SOFTWARE AT YOUR OWN RISK.

Under no circumstances should the Products be used to break or circumvent the laws and/or regulations of the country of use of the vehicle. Failure to comply with this provision would result in the immediate violation and termination of this agreement.

The use of Software and Products must always take place in safe conditions, i.e. with vehicle parked stationary and engine turned off. However, if an engine start is required, the parking brake must be properly engaged, and the gear stick must be in the neutral position-or N (for automatic transmission). If the vehicle is not equipped with a parking brake, make sure the vehicle cannot move and cause damage to people or things.

4. Risks connected to Data Reading or Reprogramming

When reading or programming data using an ECU programming tool, if the communication between the Products and the electronic control unit were to be interrupted, serious problems may occur, which may lead to the complete failure of the ECU, with consequent need for its replacement.

Therefore, during these operations:

- **DO NOT** disconnect the communication cable between Product and control unit or between Product and vehicle.
- **DO NOT** unplug the USB cable between Product and computer.
- **DO NOT** turn off the computer.
- **DO NOT** unplug the power supply from the Product or the control unit, if required.
- **DO NOT** use the Product in a location exposed to static electricity or strong electrical interference.

If, for any reason, a damage to the control unit or data loss or corruption (even partial) occurs and it is not possible to make a recovery, you agree that Alientech srl, its subsidiaries and affiliates are not liable for any damages, costs or expenses arising from this damage, loss or corruption. See paragraph 5.

5. Limitations of liability and Indemnity

Alientech srl specifically disclaims all liability for any consequence resulting from your use of the Software, the Product or the Web Services provided by Alientech srl. You may use the Software and access the Web Services at your own risk and discretion, and you are solely responsible for any damage to your computer system, or third parties, or loss of data arising from the use of the Software and / or access to any Web Service.

ATTENTION: All electronic modifications are inherently dangerous. The suggestions provided by Alientech srl in the Product User's Guides and the Operating Manuals that can be recalled within the Software, are aimed at avoiding any kind of damage and must be strictly followed. It is not possible, however, to eliminate the risk that, during the operations, the ECU may be damaged. By using the Products and the Software, you expressly accept the aforementioned risk and release Alientech srl of all liability.

Alientech srl shall not be liable for damages to the vehicle of the User or third parties, whether due to Software malfunction, hardware incompatibility or any other anomaly that may occur, including, but not limited to bad connections, incorrect use of accessories or use of non-original accessories not supplied by Alientech srl, one of its subsidiaries or affiliates or its authorized resellers, failure to comply with the instructions in the User's Guides or in the Operating Manuals or damage to the ECU during its opening.

In particular, Alientech srl cannot be held liable for damage caused to the vehicle deriving from the content of the file written in the control unit.

Some ECUs may not fully correspond to the model researched by Alientech srl, supported by Software and firmware of the Product and listed in the Vehicle List of the Software. Under no circumstances Alientech srl can be responsible to you or any third party for any damage, injury, loss or claim or cost of any kind and for whatever reason, arising from such lack of correspondence.

Furthermore, you acknowledge and agree that software or hardware variations of the ECU may compromise the proper working of the Product or vehicle, and hereby release Alientech srl from all liability, of any kind and nature, in relation to any damage, injury, loss or claim or cost of any kind and species, caused to you or to any third party.

To the extent not prohibited by law, in no event shall Alientech srl be liable to you or to any third party for personal injury, or any incidental, special, indirect or consequential damages whatsoever, including, without limitation, damages for loss of profits, loss of data, business interruption or any other commercial damages or losses, third party claims, or breach of due diligence obligations arising out of or related to your use or misuse of the Software or the Product, however caused, and even if Alientech srl, its subsidiaries and affiliates or a representative of Alientech srl has been advised of the possibility of such damages, loss, claim or cost.

Further, to the extent not prohibited by law, in no event shall Alientech srl be liable to you or any third party related to your use or misuse of the Software or the Product in connection with any alleged violation or circumvention of any state or federal law or regulation regulating or limiting air emissions from stationary and mobile sources, including but not limited to the Clean Air Act, 42 U.S.C. § 7401 et seq. (1970), any National Air Quality Standards developed by the Environmental Protection Agency, or any state law counterparts to regulate emissions of hazardous air pollutants.

In the event that Alientech srl is assessed any monetary penalties or fines arising from your use or misuse of the Software or the Product in connection with any alleged violations of any state or federal law or regulation regulating air emissions of hazardous air pollutants, you shall indemnify and hold Alientech srl harmless from any monetary penalty, fine, final court judgment (or settlement to which Alientech srl has agreed), and any associated legal fees.

6. Contents and property rights

No authorization for the analysis or modification of the Software, or the analysis or modification of the Product or its circuit configurations, is provided. Disassembling the Product will void the warranty and may be dangerous.

Alientech srl owns and administers some or all the rights to the images and other copyrighted content in the Software, on the Products, in the User's Guide and the Operating Manuals. Use of the images and other copyrighted content (including copying, reproducing, modifying, uploading on a network, displaying, transmitting, distributing, licensing, selling and publishing) is prohibited without Alientech srl prior written authorization.

You are expressly forbidden to translate the Software, User's Guides and Operating Manuals except with Alientech srl's prior written authorization.

You are also forbidden to use or offer the Software through mirrors or host services or allow third parties to access the Software remotely.

7. Product registration and activation

The Software requires you to register the Product in the Alientech Dashboard, associating it with your ALIEN_id. Failure to register the Product results in the impossibility of use the Product and reduced Software functionality. Any fraudulent use may cause the immediate inoperability of the Software.

The activation of the Product protocols, after the purchase date of the Product, is subject to subscription, according to price and payment methods specified in the applicable Alientech price list.

The renewal of the subscription is optional and not essential for the functioning of the Software or the Product; however, in absence of a renewal, you will not be able to receive the new protocols developed and released after the subscription expiration date, nor to access some of the related Web Services.

On sale of the Product to third parties, you agree to contact Alientech srl before delivering the tool, so that access to your personal information is inhibited, preventing any misuse, and the new owner can register the Product in their name.

Your transfer to third parties of the Product does not transfer to the new licensee any right to use the related services for the legitimate use of the software, such as access to the reserved area of the Alientech Dashboard and the Technical Support Service provided by Alientech srl. If the new licensee wishes to benefit from these services, he will have to directly contact Alientech srl and bear the related costs for the services offered.

8. ALIEN_id account

Creation of an ALIEN_id account is essential for using the Product and requires the use of a complex and personal unique password associated with your e-mail address (which, together, constitute the "Access Credentials").

You agree to take all appropriate security measures to maintain and carefully guard the Access Credentials of your ALIEN_id for the use of the Web Services related to the Product, provided through the Alientech Dashboard and/or other servers and platforms managed by Alientech srl. You also agree not to share, disclose, distribute, communicate, transfer, or otherwise lease your Access Credentials to third parties, even temporarily, nor to lend or otherwise transfer the use or access to the Web Services offered by Alientech srl to third parties through your Access Credentials or in any case through your ALIEN_id.

A Master User, within their organization, can create ALIEN_id only for their own employees. Therefore, it is forbidden for a Master User to create ALIEN_id in their own organization for their own Slave users in order to allow those Slave users access to the Alientech Dashboard area dedicated to file management.

You hereby declare to be aware that the violation of the commitments set forth herein provided would cause irreparable commercial injuries to Alientech srl and therefore cannot plead your good faith in your defense.

You are entirely responsible for maintaining the confidentiality of the Access Credentials to your ALIEN_id account and for any and all activity that occurs via your account.

You agree to notify Alientech srl immediately of any unauthorized use of your ALIEN_id account or your Access Credentials, or any other breach of security. You may be held liable for losses incurred by Alientech srl or any other user due to someone else using your ALIEN_id account.

You may not use anyone else's ALIEN_id account, at any time. Alientech srl cannot and will not be liable for any loss or damage arising from your failure to comply with these obligations.

When registering an ALIEN_id account, you will ensure to provide complete, accurate and truthful information, strictly necessary to the use of the Web Services. In particular, in order to ensure your account security, you agree to:

- 1) Not provide false data;
- 2) Not create fake or duplicate accounts;
- 3) Promptly update your personal data in case of changes.

Furthermore, you agree not to use your ALIEN_id account in such a way as to cause, or may cause, interruptions, damage, or malfunctions to Alientech servers, their functioning and the services offered by Alientech srl on or through such servers, or for fraudulent purposes or otherwise to commit illegal activities.

Alientech srl reserves the right to prevent access to the Alientech Dashboard, its features and/or services offered on and through it, to suspend or close an ALIEN_id account, to remove or modify the contents of the Alientech Dashboard at its sole discretion, in case of violation of the applicable legal provisions, these Terms of Use or the specific terms and conditions applicable.

Your data will be processed in accordance with Alientech srl privacy policy, available on the Legal page of the website www.alientech-tools.com.

9. Slave Product Features

The Products managed by the Software can be in Master or Slave version.

Users in possession of a Slave Product can operate only through coded files that must be managed by their Master of reference.

A Master User, within their organization, can create ALIEN_id only for their own employees. Therefore, it is forbidden for a Master User to create ALIEN_id in their own organization for their own Slave users in order to allow those Slave users access to the appropriate area of the Alientech Dashboard for file management.

The Slave User cannot use an ALIEN_id of a Master User, nor can the Slave User use an ALIEN_id with access rights to the dedicated area of the Alientech Dashboard for file management.

Any fraudulent use may cause the immediate inoperability of Product, Software, and your ALIEN_id.

In the event that a Slave User wishes to transfer the management of its files to a different Master, they must ask the current Master to send a written waiver to Alientech srl, through the channels agreed between the Master and Alientech srl. In the absence of such waiver, Alientech srl cannot proceed with the change.

10. Updates

- Bug fixes

ALIENTECH SRL MAY MAKE IMPROVEMENTS AND/OR CHANGES IN THE PRODUCT AND/OR THE SOFTWARE AT ANY TIME.

11. Online Resources and Web Services
